

MULTIPURPOSE EP 2

SAFE MULTIPURPOSE EP 2 is a premium quality lithium based grease designed for the use in general purpose industrial heavy duty applications. The grease provides excellent protection against rust, corrosion and is suitable for extreme pressure applications in machines, wood working tools, production equipment, textile & paper machines, generators and all types of vehicles.

KEY CHARACTERISTICS

COLOUR:
Pale Brown

BASE OIL VISCOSITY:
200cst

MAX TEMP:
130°C

PRIMARY INDUSTRIES

MINING

TRANSPORT

INDUSTRIAL

AGRICULTURE

AUTOMOTIVE

EARTH MOVING

APPLICATION

- **SAFE MULTIPURPOSE EP 2** is designed for use in anti-friction and plain bearings and pins and bushes under normal operating conditions.
- It is suitable for use in the full range of bearing speeds encountered in machines, wood working tools, production equipment, textile and paper-making industry.
- Can be used as a general purpose DIY alternative in household applications.

BENEFITS

- **SAFE MULTIPURPOSE EP 2** does not contain lead, or other heavy metals considered harmful to human health and the environment.
- Excellent mechanical stability avoiding ejection or loss of consistency during operation.
- Forms a durable lubrication film, resulting in reduction of maintenance and down-time.
- Reduces wear under shock loading.
- Good pumpability.

PRODUCT CHARACTERISTICS

PROPERTIES	UNITS	VALUE
NLGI	-	2
THICKENER	-	LITHIUM
DROP POINT	°C	180
WORKED PENETRATION	0.1mm	265- 295
VISCOSITY	cst	200
OPPERATING TEMP	°C	-15 to 130
BASE OIL TYPE	-	MINERAL

The information and figures given here are typical of current production and conform to specification, minor variations may occur.
